Dear Sir:

Technology Center 2600

In response to the Office Action dated November 7, 2001, please consider the remarks and amend the claims as follows:

Clear text format of replacement claims 1, 4, 6, 9, 11, and 13 for entry:

- A.
1. A system, operable in a subscriber communication device, for providing location independent uniform service access for communication subscribers, comprising:
 - means for storing data indicative of at least one location specific presence of each of a plurality of subscriber communication services;
 - means for automatically determining a location of said subscriber communication device;
 - means, responsive to said determined location and a subscriber selecting a one of
